'IBONS DE GORGUTES' (GORGUTES LITTLE MOUNTAIN LAKES)

1 hour and 30 min. respectively

From the end of the main road over the *Pllan de l'Ospital*, sets off a track that ascends over the left slope of the valley to the North. After 30 minutes it crosses the *Gorgutes* ravine, creating a wide zig-zag on the opposite slope. After a 1 hour walk, you reach a spot over the little *ibones* of the *Solana de Gorgutes* on your right under the wall of *La Tuca de la Montañeta*. If you follow the track on your left you will get to the *Ibón de Gorgutes* (2,313 m. high). You will enjoy some stunning views from this point.

If you circumvent the *ibón* on its right, you will reach the *Puerto de la Glera* (2,364 m. high) in about 15 minutes. This is a border port over the town of *Luchón*. If you go up the left slope you will contemplate and admire the whole *Luchón* valley and the ski resort of *Superbaquères*.
