

Open session on “Geometric inequalities and PDE’s”
Benasque, Aug. 28, 2009

Guillaume Carlier (Paris Dauphine), *Generalities on Cheeger sets*

Vicent Caselles (Pompeu Fabra), *Cheeger sets in convex domains*

David Krejcirik (Rež, Prague), *The Cheeger constant of curved strips and the idea of test vector fields*

Maria Stella Gelli (Pisa), *A Bonnesen-type inequality*
