

# Partial Differential Equations Optimal Design and Numerics *5th Edition*

## Scientific Organizers:

**GIUSEPPE BUTTAZZO** Università di Pisa

**OLIVIER GLASS**, Ceremade

**ENRIQUE ZUAZUA**, BCAM Basque Center for Applied Mathematics

The reason of this workshop is to have, together with several young researchers, a number of distinguished mathematicians on the fields above that can guarantee the success of the event by contributing with lectures and discussions in the working sessions that will be planned. The goal is to generate a dynamics in place seeking for interdisciplinary research.

Those participants, who want to contribute to the activity by a lecture and/or by the coordination of a working session on one of your research topics, must include in their registration, a short resume, a presentation-letter and a recommendation-writing.
